Valid Golf Canada Handicap

- A minimal number of scores is needed to obtain a new handicap. The number of scores needed to establish a Handicap Index is 54 holes from any combination of 18-hole and 9-hole rounds. These must be played in 2024.
- **To Maintain a Valid Handicap, you must post your Score after EACH round of golf. You cannot pick and choose which scores you put in.**

There are 2 ways you can post your score:

Post Hole by Hole (Preferred Method)

Post Adjusted Score:

The Maximum you can post is a double plus your Handicap on a hole.

Example: If your handicap is 18...you can post a maximum of 3 over par on all holes

If your Handicap is 9...you can post a maximum 2 over par on the 9 highest Handicap holes, and 3 over par on the 9 Lowest Handicap holes...1 being the Lowest and 18 being the Highest.

It is important for the Integrity and fairness of the game to keep a valid handicap

I will be posting your Current Handicap on the Bracket Sheets. Please use your Handicap Index the day of your Match
